INTERNATIONAL INTERDISCIPLINARY CONFERENCE on RECENT TRENDS IN SCIENCE

8th & 9th March 2019

Organized by

Internal Quality Assurance Cell

&

**Departments of Physics, Chemistry and Botany
J.S.M. College, Alibag Raigad**

Invitation

Dear Delegates,

It gives us immense pleasure to invite you to participate in **International Interdisciplinary Conference on Recent Trends In Science (IICRTS 2019)** organized by J.S.M. college, Alibag on 8th & 9th March 2019. You are heartily welcome!!

About Us

Janata Shikshan Mandal:

Formation of Janata Shikshan Mandal took place in July 1959, with the objective of imparting higher education to local youth from Raigad (then Kulaba) district. In June 1961, the college started under the leadership of the then Speaker of Mumbai Region Assembly Shri. Nanasaheb Kunte, for classes of FY Arts, Science, and Commerce in the beginning. In January 1987, Loknete Adv. Datta Patil (Dada), the MLA of Alibag Taluka and the Former Leader of the Opposition in the Maharashtra State Assembly was elected as the chairman of Janata Shikshan Mandal. Under his able guidance a perspective plan of development of this college was executed. He was also instrumental in establishing 'Adv Datta Patil Law College' in the JSM campus in June 2000.

J.S.M. College

Our college is the pioneering senior college in Raigad district. Beginning with the dynamic leadership of Adv. Datta Patil and later under effective guidance of Shri. Sanjay Datta Patil and Shri. Ajit Shah, the college has reached a stage of academic excellence. Presently, college has state-of-art infrastructure including administrative block, lecture complex, well-equipped laboratories, and rich library all in serene 5 acres' campus right beside the seashore. Apart from regular B.A. (English, Marathi, Hindi, Economics, Politics, Geography) B.Sc. (Botany, Chemistry, Physics) and B.Com. courses, we also have professional courses of B.Sc. (C.S.), B.Sc. (I.T.), B.M.S., post-graduate courses in Chemistry, Botany, Marathi and Hindi along with Ph.D. centres in Botany and Hindi.

About The Conference

Science and technology are crucial in the development of individual and the nation. Research and innovation are the tools for development. However, the current scientific and technological progress also leads to some of the global crisis like pollution, climate change, depletion of resources, extinction of plant and animal species, parities among social groups and nations, etc. Therefore, we are in a need for sustainable development. Concurrently, the modern research in Chemical, Physical and Biological sciences is giving solutions to some extent to improve the diabolic situations in the form of alternative energy resources, alternative chemical processes, green chemistry, mathematical and computer-based models and artificial intelligence through information technology.

This international conference will provide an opportunity for researchers to share their findings and ideas with a global gathering of academicians, industries and NGOs. U.G. and P.G. students will certainly get an avenue of new topics for their research work after the interaction with international and national level experts in various fields.

Call for Papers

The participants are requested to submit abstracts of their original work in MS Word in Times New Roman, Font Size 12 and should be typed in 1.5-line spacing. It should be limited to 300 words including title, authors' name and affiliation. The poster size should be 1m x 1m. Those interested for oral presentation should send their soft copy of presentation along with the abstract. Best posters and orals will be awarded. Papers will be published in conference proceedings with ISBN. Manuscript should be sent before 28th February 2019 via email to iicrts2019@gmail.com.
